

# RAMS SETTLEMENT SURVEY

## REIMAGINING ST. LOUIS TOGETHER

The City of St. Louis won a historic settlement against Stan Kroenke and the National Football League’s (NFL) decision to move the Rams to Los Angeles in 2016. The City received \$250 million.

The Board of Aldermen is partnering with CitizenLab to involve the community in planning how to use these funds. City leadership is committed to using the funds to make big, lasting changes to grow our economy, encourage more people to live in the city, and make life better for the people who live here.

This survey asks about the challenges that you and others face living here in St. Louis. What you tell us today will inform the types of proposals we will consider funding through the Rams Settlement.

**You can mail your three-page paper survey directly to the St. Louis Board of Aldermen using the address at the bottom of this page.**

Thank you for taking the time to make your voice heard!
